SHREE SWAMINARAYAN

અસ્મદીયમ્

Satsang is the first step on the path of Moksha. If Samagam of genuine Satpurush is performed and if remains connected in Bhakti of Bhagwan, this Jivatma gets Atyantik Moksha in this life. Therein humility and humbleness in intellect are absolutely essential. Therefore only Shreeji Maharaj has said that - A person who is humble in this Satsang, sees his own weaknesses day by day and sees noble qualities in Bhagwan and Bhakta of Bhagwan. And when Bhagwan or Sadhu utters any harsh words, he considers them to be of his own interest and does not feel it bad. He achieves greatness in Satsang day by day. And a person who is not humble, he performs Satsang and listens to talks of Satsang but develops self pride by looking at his own qualities and shows demerits and weaknesses of Bhagwan and Bhakta to others. He takes the talks adversely by advancing his self-respect and takes demerits of others and his Satsang decreases gradually. Therefore, a brave person abandons his own pride and pride of his good qualities and trusts Bhagwan and saint of Bhagwan and all his demerits are removed and he achieves greatness in Satsang. By remembering these Vachan of Shreeji Maharaj, one should perform Saint Samagam and should perform Bhakti as this is in the benefit and interest of a Jeev.

...And all Satsangis should behave as per their respective Dharma and Adhikara..... as per Shloka 129 of the pious Shiksha Patri and as per the directions of Shree Hari to Dharmvanshi Acharya, our H.H. Shri Acharya Maharaj has been molding the lives of the all religious people attending Sabha, irrespective of their time, place and entitlement in the Sabha through Sarvajiva Hitavah Amrutvachans. And therefore while cherishing utmost faith and Bhakti and Nistha in our Ishtadev, let us obtain the pleasure of Shree Hari and Dharmkul.

(1) On the occasion of Pran Pratistha Mahotsav of Shree Swaminarayan temple, Himatnagar, 13/11/2022

: While performing divine Darshan of the divine deities, it was felt with pleasure from within that, here Bhagwan has got more space. When our residential houses get bigger then house of Bhagwan should also become bigger, isn't it? If we progress and our Bhagwan remains behind, it would said to be an incomplete work. Because we progress due to Bhagwan only. If we keep this temple in our view then there would not be created any world with different communities! After Tapascharya of eight long years all of you have got this Bhagwan and so preserve Him. Cherish pride for it. Don't cherish pride for any perishable thing as it is of no use. Pride for perennial things

only come at our help and assistance in the end. One may become rich overnight through gambling and one may turn into a pauper in the same gambling. Then nobody takes any responsibility. Bhagwan is Sanatan and so if we would cherish pride for Bhagwan, we would be strengthened.

Brahmanand Swami, Muktanand Swami etc. Nand Saints have created Kirtans of Shree Narnarayandev. Many people do not know this. Brahmanand Swami has created one Kirtan of bravery of Shree Narnarayandev. I like one of its Pankti. The words are જે જે ભજન વિરોધી

અંતર, તાકે મૂળ ઉખાડો રે.... જે કોઈ નડતર હોય તો એના મુળિયા જે

ઉખાડી નાખો.. Brahmanand Swami has written it, I have not written. I would have gone even further and farther from that! Look at the pride of these saints having achieved Bhagwan in their lives! Many times I have said that, it has not been written consciously by the saints. It has been written just spontaneously by these saints. When Darshan of Bhagwan is being performed. When Murti is in front of us and when its importance is known then it is written automatically and spontaneously. And its evidence has been seen and witnessed by us all. When Maharaj hit Berakha to Brahmanand Swami then

SHREE SWAMINARAYAN

Swami said that I am not sleeping, I am writing your Kirtan. Thereafter Maharaj gave the direction and immediately uttered a new Kirtan. Thereafter it has been written with great pride. Brahamanand Swami had not gone anywhere for any battle. But it is his bravery and pride cherished being on the side of Bhagwan. So everything good will happen with the strength of Bhagwan that we shall receive in a divine way.

If you come to me seeking blessings then we shall certainly pray to Bhagwan for you because this is our Parivar. The only prayer is to be made is that our Parivar and our next generations may progress in all walks of life and they may become happy and tradition of Siddhant may be strengthened and continued in their lives. What else is to be demanded from Bhagwan. Maharaj has already taken the responsibility of the meals and clothes for all the devotees. When you perform divine Darshan of Bhagwan, then just perform Darshan without asking for anything, without performing any Sankalp. Then you will get real Darshan. Sankalps are not made and performing while performing divine Darshan. Sankalp is performed when something is required and desired in life. May Bhagwan make all happy. I have been there; offering of the meals from the kitchen has stated and yet all of you have come here and sitting and listening patiently. Shuk Muni has written letters which have been dictated by Shreeji Maharaj. If I make you all read ten letters from these letters then you will realize what a bombarding has been made in it and there are as many as two thousand letters. There is a straight judgement and direction. Do this and do in this way. Today here devotees from Rajastha, Mumbai,

Dhariyavad, Sabarkantha, Biliya, Vali and other 38 villages have come at this place. Now just think what have you to do with us? But since Bhagwan of all of us is One, we are sitting here together.

Recently a child came to me to accept Pooja. Whose Pooja will he perform? He will perform Pooja of our forefather. And so naturally there would affection. Today he has taken Poojan. At night he will think and plan. He will get up early in the morning and shall render devout services and shall perform Pooja of Maharaj. For the first time the feeling and affection are unique and somewhat different. But gradually we see the ebbs coming into it. I have seen Murti places in reverse position and you can understand everything from it. I am not talking about all. But the meaning is that, our Pooja is not to be made or performed mechanically. We have see Bhagwan and Bhagwan is present!

Now just like the main deity, invoke the idol image of Shree Hanumanji Dada. Hanumanji Dada has always remained in service of Bhagwan and so who are we to see any difference? Are we capable of it? What is the capacity of our measurement strip? Those who have rendered services should be kept with Bhagwan only. We have seen people making partition between Bhagwan and Mataji. A division is made apparently. When they do not have any problem, should we have any problem? Swaroop of Mataji is of Laxmiji or Parvatiji. It has been written in the pious Shiksha Patri to render devout respect. Bhagwan unites us all. Bhagwan never divides us. Bhagwan removes the distance between one human being and another human being. You must be remembering

SHREE SWAMINARAYAN

the incident of Faiba of Machhiyav. There are 212 Shlokas and it is enough. It would be more than enough if we can observe them all. The strong are young and the weak are rigid. The weak people always find faults with others. When we have got Bhagwan, we need to be strong. The birthplace of Bhagwan is with us. The first ever Shree Swaminarayan temple of the world is with us. There are innumerable things of Prasadi in our Museum. And so have and cherish pride. However, some efforts are required to be made. May Shreeji Maharaj make us all happy.

(2) On the occasion of Pancham Patotsav of Dhamasana temple and Punah: Pratistha in temple of ladies devotees 24/11/2022: We are very much pleased. Because besides performing Darshan of Bhagwan, we perform Darshan of Bhakta of Bhagwan also and this importance has been narrated by Maharaj Himself. Three Darshans are important. Darshan of Bhagwan, Darshan of Bhakta and Darshan of Self. While stepping up and stepping down the steps one should think for a while how se stepped up and how we stepped down the steps. While performing Darshan in the temple went to old Sabha Mandap. The Murti and Charanarvind are there. Can they be valued? Are they available anywhere? It will not. This is our luck that they are with us. How ardently our elders must have performed Bhakti! Whether you are I, are not sitting here just for the sake of sitting. Power of the seed does great work. How far and how greatly and ardently our forefathers have performed Bhakti? And there were no facilities and convenience during their times. So youngsters! You have to preserve a lot. You may preserve other things or not

but you have to remain ardent devotees of Bhagwan. There are people who roam here and there and then ultimately they become and remain unhappy. Household devotees must have this experience! If Bhagwan, Siddhant and Parampara are preserved then one is not required to roam here and there. This is a fact. Anant Koti Kashi is there are Charan of Bhagwan and there is such a strength there which cannot be comprehended.

I have always told. Give congenial atmosphere, not preaching. Atmosphere has the impact and not the preaching. The atmosphere which we feel here in the temple should be maintained at our home and cherish the same atmosphere within your self. If there would be balance among the three, it will work and then there would not be any need of the preaching. If I say in the most simple language, be good and on righteous path. We have been listening to this sentence so many times and therefore it is uttered spontaneously. When we have got Bhagwan, why should we remain wretched? If we think for a while about this sentence and its words, how much weightage is there! If we remain unhappy despite having such a Bhagwan with us then it is deformity of our temperament. One should not be unhappy. One should not cherish negative attitude. We should ask ourselves what we can do.

These are your ten villages and what is the condition of them after the price of the land has been increased. Everything is good and for good if it is in proportion. All of you know it and this is a fact and not an imaginative story. We have to remain alert and should remain straight on our righteous path. The people of the ten villages have not been affected by Corona. They even do not know what is Corona. People were perturbed

SHREE SWAMINARAYAN

by the fear of Corona. People used to confine themselves in their homes for 14 days! There is a vaccine of Corona but there is no vaccine of the insects which enter the mind of the people. Therefore Maharaj has used a weighty word and so we should remain alert. When we have received Bhagwan then we should be confident. There should be strength and confidence in our words. If we shall cherish firm faith and trust in Vachan of Maharaj, we shall be happy.

We should not be dependent. We should not be worried about others. We should think about ourselves. Think about your children, about your family. Earlier Satsang was being performed easily. But now the younger generation is very smart. They watch and observe everything. Atmosphere at home has great impact upon the minds of our children. Siddhant and Parampara should not be changed otherwise we would be nowhere. Cherish faith and pride for Bhagwan. Cherish affection towards Parivar. Your children will be brought up looking at you. Children cannot be prepared merely through preaching. You may try and you will realize. Many have this experience. Experience is a rich treasure.

We are sitting together because our forefathers have worked hard for it. So kindly cherish love and affection towards each other. One should not look at demerits but at the merits of others. To look at the noble qualities is Vachan of Maharaj. The young devotees are sitting in the Sabha and so we are proud of them. Where do we find the youngsters? The villages like Mokhasan, Vadu, Karjisan are vacated. Isn't it? We are happy and we shall remain happy. You must be knowing the history of Yaduvanshis! So if you want to be happy, cherish firm faith in Dev and keep Dev in front of you and all your works will be done and accomplished. It is an humble prayer that we all cherish ardent love and affection towards each other and our Nistha towards Bhagwan may remain incessant and may Bhagwan grant strength to all of us.

Compilation by :
Praful Kharsani

Harimandirof this place is facing the West direction. There is a grand, decorated huge tower above the main entrance gate of the temple. This place has been graced by Bhagwan Shree Swaminarayan. In the Chora situated in eastern side of the village, Charanavind of Shree Hari has been placed and an Otto has been made where Shree Hari had stood along with Manki horse.

While performing Vicharan in DandhavyaDesh Shree Hari used to grace and sanctify many villages. While performing Vicharan in villages like Kolavada, Bhagwan Shree Swaminarayan had graced the village Soja. Devotees of the village Soja had performed warm welcome and Samaiyu of Shreeji Maharaj. Fulfilling the desires and wishes of the villagers, Shree Hari had graced Gadhpur.

Sadguru Shri Nishkulanand Swami has made following description of the names of the devotees of the village Soja in 110th Prakaran of 'Bhaktachintamani' Granth.

કણબી દેવજી રહે સોજે, ભજે પ્રભુજીને સુખ મોજે ॥૧૯॥

Simultaneously, following description has been made in 69th U. Tarang of 'Shree Ghanshyam Leelamrit Sagar' granth.

**ત્યાંથી પધાર્યા છે સોજે ગામ ॥ નિજ ભક્તનાં કરવા કામ ॥
દેવજી આદિક હરિજન ॥ કર્યું સન્માન નિર્મળ મને ॥૧૬॥**

In this way Shree Hari has graced the village Soja from the village Nardipur and has preached Gyanopadesh to the devotees, fulfilled their wishes and accepted their devout services. Thus, land of village Soja has been sanctified by Aksharadhipati Purna Purushottam Bhagwan Shree Swaminarayan.

Shreeji Maharaj has granted indescribable happiness of Akshardham to the devotees Patel

Nagardas and Kadiya of village Soja. Once devotee Patel Nagardas of village Soja was sick and his brother Nathubhai was sitting beside him. At that time, Nagardas started looking above. So Bachubhai asked him why he was looking above and that he should remember Bhagwan. Nagardas replied that he was looking at Murti of Maharaj and five sadhu including Haricharandasji had come and they are telling that that tomorrow Maharaj would come to take you. Today we have come to bring that Kadiya. At this, Nathurambhai told that Kadiya is not Satsangi. Then Nagardas replies that, he is not Satsangi but his mother is Satsangi and when grain flour was offered to Sadhu, she was not in a position to grind the flour and so at that time Kadiya had ground ten sher flour and had offered to Sadhu. Due to that noble work, they are coming to take Kadiya, as is being told. Meanwhile son of Nagardas came and told that he just met Kadiyo who was carrying a bunch of wooden sticks on his head and that he is healthy. Thereafter, Kadiyo dropped the bunch of wooden sticks at home and went to the lake to take bath. While taking bath, he suffered from attack of hysteria and passed away and Sadhu took his soul.

Thus, Shreeji Maharaj ensures Kalyan of all his devotees and there is no doubt about it. Because Kadiyo was not satsangi but his mother was satsangi then also Maharaj granted Kalyan to Kadiya. Thus, Shree Hari has graced village Soja and blessed many devotees with the divine blessings.

**HAVELI, "IMPORTANCE OF THIS
PLACES IS WONDERFUL":**

(Compilation :KotakVarshaNatvarlal –
Ghodasar)

Why have we got together here today? By getting awaken anyhow, we have come here to mark our presence! No. today we have got invaluable opportunity. We have to perform Sankirtan of name of Bhagwan for the whole night and if we shall remember Bhagwangenuinely while sitting at this pious place, Bhagwan will come for sure. If you call Bhagwan with urge and cravings of your heart, Bhagwan cannot stop coming. May be Bhagwan is right now present among us, but we cannot see Him. To see Bhagwan we need DivyaChakshu (divine vision). Our physical eyes are Mayik. Bhagwan is divine and to see Him we need divine vision and sight. Divinity cannot be seen with Mayikta. Through real faith, devout Bhakti and unshakable faith, we can grant divinity in our heart and Bhagwan resides in such a divine place of heart. Bhagwan does not require a golden or silver throne to sit. He likes to sit in the pious heart of an ardent devotee. He likes to sit where Sankirtan of his name is being performed.

We are very lucky that we have got an opportunity to sit at this place and to perform Bhajan. Today the ladies devotees who are present here are blessed by Bhagwan. Bhagwan has chosen us today to perform Bhajan while sitting at this pious place. This is not achieved so easily without blessings and mercy of Bhagwan. How lucky we all are that, all these things have been received by us at one place! That means there is Vachan of Maharaj that Maharaj is present at four places. Dev, Acharya, Satshastras and real saints. Don't we have got all these things at one place!! We have got. If we seek and

accept shelter of Shree Narnarayandev with genuine feelings, everything is achieved automatically.

Just there is importance of Satsang there is importance of place also. There is importance of performing Bhajan, Kirtan, Katha at such pious places. While we are sitting at this pious place, its importance and piety cannot be expressed and cannot be described. This place is so pious that, by a mere Sparsh (touch) of it, Kalyan is ensured. Just think about it. How many times, ShreejiMaharaj has sanctified this place with His feet. Maharaj Himself has selected this place while riding Manki horse. This place has been made the centre of the world and first ever temple of the world has been developed at this place and Shree Hari Himself has invoked Bharatkhand Raja Shree Narnarayandev at this pious place. There is Chhatri of Prasadi in the chawk, where ShreejiMaharaj has conducted Sabha for so many times. Meaning is that, Shreeji Maharaj has graced and sanctified this place so many times and here while sitting for hours, we have been performing Bhajan and Bhakti. Even after return to Swadham by Maharaj, from Aadi Acharya Shri Ayodhyaprasadji Maharaj till AcharyaShriVasudevprasadjimaharaj, residence of Acharya Maharaj was this Haveli of Kalupur temple. All these Acharyas have also sanctified this places and soil. Great saints and devotees must have sit here and must have performed Mala. Must have performed Tapa. Due to noble and pious power of Tapa of all these great persons, this land has been sanctified and has been made divine. And it is at this place that we have got an opportunity to sit and perform Bhakti. What else can be the greater achievement? So there is great importance of the place also. Nowadays Satsang, Katha, Kirtan everything is performing through television and mobile but there is vast difference in performing Satsnag 'online' through such devices and

SHREE SWAMINARAYAN

to perform Satsang while going to the temple physically. The divine experience which we get while going to the temple and performing Darshan is not received when we do 'online' Satsang . There is an impact of the place also. Have you thought as to why it has been insisted upon to go to the temple and Tirthsthans (pious places of pilgrimage) bare footed? One common reason is cleanliness because temple is a home of Bhagwan. It is pious. The dirt of our footwears should not go there. Second important reason is that, when this soil and land has been touched by Bhagwan and great saints and devotees, if we touch the same soil and place with our bare foot, we get the divine sensations of the spirituality and our intellect is purified. And here everyday we get the benefit of Sparsha of Divyabhoomi. So we should avail the benefit of opportunity.

Decide at this moment that, whatever has been done is done. Henceforth after entering this temple, I shall not commit anything wrong throughout my life. Take this Niyam yourself that nothing wrong shall be thought and done either through mind or action by which my Kalyan is prevented. We have seen many people, who stop coming to the temple after ten or fifteen days. Then they disappear. They take Avaguna of others and then they go away and though they have got an opportunity to get Kalyan, the same is prevented due to their inherent Doshas and they cannot avail the benefit of an opportunity which they have got in life. And therefore, we have to remain alert. We have to remain humble and should exercise humility in our behavior and conduct and thinking. We have to preserve the sanctity of the place also. When we go to the place, we have to observe the discipline of that place. How humbly you behave, when you go to a great person. This is a Home of Raja of Bharatkhand and so special care is to be taken. This place is divine. And no any worldly behavior or conduct can be performed at such a divine place. We have to do this much to ensure Kalyan. In the worldly matter, a human being thinks that, till the body is working efficiently we should earn our livelihood. And the savings will be useful when the body would not support at the last moment. Nothing

wrong in it and this should be done. Being a Grihasthi you have got your family and to live a life one has to do all these things. Similarly, we have to earn spiritual earning, which would be useful and helpful to us at the last moment of our life. The earning of money and worldly things would meet with our physical needs. And our spiritual earning of Bhakti would help us at the last moment and at our last breath of our life. So right now there is an opportunity. Our body, hands and legs are working efficiently and there is suitable time and all convenience. So let us earn something spiritually. We have got this Shree Narnarayandev, tis temple and this pious place. What else do we need? So it is better to perform Mala than to roam in the cycle of 84 lacs of births. You can become, what you want. Today only in the morning Manjuba had told that, "this is a big factory. Bhagwan has made this." Manjuba explained that, during the earlier times when any big construction was being made, it was known as factory. I replied that, I have not heard about it but when thought for a while it struck to my mind that really this is a factory only. Just as production of a particular thing is being made in a factory here devout devotees and ardent Satsangis are made. Sometimes, in a factory sometimes raw material is defective and it has to be returned because fine finished product cannot be made from the defective raw material. Similarly, here some people come here and they return due to their own inherent defects. So when the raw material itself is not ready, how can the factory be blamed for it? In the world, we find faults with factory and its machines also due to which difficulties arise. But here Bhagwan has prepared everything and so there is no defect here. Here all preparations have been made. So if one would cherish ardent love and affection and Shraddha towards Shree Narnarayandev everything will be made possible. It is upto you whether you can come here daily and perform divine Darshan of Shree Narnarayandev and can take the divine benefit or not. Here everything is there. So decide today and take a firm vow that this birth and life has to be made our last birth and life.
